THIRD-GRADE READING

Third-grade reading proficiency is a critical predictor of success in school, career and life.

When you give to the Y, your gift has the potential to provide students in rising grades K-3 who are reading below grade level with the opportunity to participate in Y Readers. The program focuses on writing and reading instruction to boost literacy skills, along with enrichment activities to support physical and social emotional growth. Each summer, Y Readers serves nearly 950 students across three school districts at no cost to families. The program is fully funded by individual gifts, corporate donations and grants.
